Howard Street Pansy Gardens

Kalamazoo 99, Mich.

Dear Customer:

March, 1951

Another Spring is here and another hard Winter has rolled by again, and lots of plants are winter killed in many sections of the country. We are glad to say that all our fields were mulched in time last Fall when Winter set in, so we saved 90% of our stock.

Many varieties, as always, will be on the scarce side, so we do advise to place orders early, as we will start shipping as

soon as your orders reach us, and as Spring shipping season is very short and over TWO MILLION plants to be shipped out, we like to get all orders in as quickly as possible, as labor is scarce with so many called into the Service.

No charge for packing and boxes.

Terms, cash or C. O. D.

Yours for more business.

PLANT LIST

HARDY PERENNIALS

Wonderful plants which we could not dig last Fall on account of snow and early hard winter. Those should be wonderful plants for any florist.
